Period from January 1 to September 30, 2020

Statutory auditors' review report on the condensed interim financial statements

To the Chairman and Chief Executive Officer,

In our capacity as statutory auditors of Total Capital and in accordance with your request, we have performed a review of the accompanying condensed interim financial statements for the period from January 1 to September 30, 2020.

Management is responsible for the preparation and presentation of these condensed interim financial statements that were prepared on October 29, 2020 on the basis of the information available at that date in the evolving context of the crisis related to Covid-19 and of difficulties in assessing its impact and future prospects. As it is not intended to be presented to the shareholders they have not been approved by the Board of Directors. Our role is to express a conclusion on these condensed interim financial statements based on our review.

We conducted our review in accordance with professional standards applicable in France and the professional guidance issued by the French Institute of Statutory Auditors (*Compagnie nationale des commissaires aux comptes*) relating to this engagement. A review consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with professional standards applicable in France and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with evaluation and accounting principles set out in the notes to the condensed interim financial statements.

Those interim financial statements were prepared with respect to the French National Accounting Board (*Conseil National de Comptabilité*) "recommendation n°99.R.01" dated 18 March 1999 and related to the interim financial statements. They do not include all the information usually required in the financial statements according to the French GAAP. However, they present a selection of notes describing significant facts and operations in order to understand the evolution in the financial statements and performance of the company that could have occurred since the last financial statement as of 31 December 2019.

SIGNIFICANT EVENTS

During the third quarter of 2020, Total Capital continued its activity on debt capital markets through various debt issuance programmes, in particular commercial paper, together with a management of interest rate and currency risk.

For short-term borrowings, Total Capital can issue under Commercial Paper programmes (US CP, EURO CP) and under a NEU CP (ex Billets de Trésorerie) programme.

For long-term borrowings, Total Capital can issue along with TOTAL SE, Total Capital Canada and Total Capital International, as principal issuer under the EMTN programme (guaranteed by TOTAL SE), under a US SEC-Registered Shelf programme (guaranteed by TOTAL SE) and under an AMTN programme in Australia (guaranteed by TOTAL SE). Total Capital can also issue on a stand-alone basis (guaranteed by TOTAL SE).

During the third quarter of 2020, Total Capital did not issue any debenture loan.

Total Capital's issuance programmes have long-term and short-term ratings by Standard and Poor's: A+/A-1, and by Moody's: Aa3/P-1. These ratings were made possible thanks to TOTAL SE's guarantee granted to these programmes. TOTAL SE has a long-term and a short-term rating by Standard and Poor's: A+/A-1 with a Negative outlook, and by Moody's: Aa3/P-1 with a Negative outlook. On 25th March 2020, Standard and Poor's revised TOTAL SE's outlook from Positive to Negative. Similarly, on April 1st, 2020, Moody's revised TOTAL SE's outlook from Stable to Negative.

Interest rates and currency transactions were concluded by empowered entities of TOTAL SE in association with the development of the financial activities of Total Capital, towards the Group as well as the market.

ENVIRONMENT

The coronavirus pandemic, whose first cases were identified in China in October 2019, has required generalised and worldwide lockdown measures to tackle the sanitary crisis, triggering a global economic crisis. While these measures proved effective on the short term, a second wave seems to hit the world population and maintains uncertainties regarding the speed at which the economy will catch-up, in spite of the numerous stimulus packages and the expansive monetary policies. It is therefore still very difficult at this stage to fully assess the effects that this crisis will have on the economy and the global financial system.

Note 1: ACCOUNTING RULES

Accounting rules and methods used for interim accounts are the same as the ones used for Year End 2019 accounts.

TOTAL CAPITAL

Note 2: FINANCIAL ASSETS

Financial fixed assets consist exclusively of loans and drawdowns on credit facilities for the Group companies. No grant was made during the period.

Note 3: CHANGE IN SHAREHOLDERS' EQUITY
